

Invitation for a Trial

When: October 23rd (Monday) to November 17th (Friday), 2023

What: All Access eBooks Collection on ScienceDirect www.sciencedirect.com

Where: Latvia University of Life Sciences and Technologies

Explore scientific, technical, and medical eBooks on ScienceDirect!

With over **43.000 eBooks** and over 2.700 journals ScienceDirect is the biggest full text platform serving scientists and students all over the world. Elsevier eBooks help you support breakthrough research and serendipitous moments of discovery, keeping your institution a step ahead:

- ✓ Monitoring and analyzing the world's research output.
- ✓ Publishing content that reflects the most pressing needs of the research community.
- ✓ Moving research forward by inspiring new ideas for investigation.

With Elsevier eBooks, researchers and students can explore unfamiliar subject matter, branch into related disciplines and test novel theories—giving rise to those serendipitous moments of discovery that are often key turning points in research.

Get additional help with **Topic Pages!**

Topic pages on ScienceDirect are generated using innovative and automated technology for information extraction. By applying natural language processing and AI techniques to published content they surface the most relevant snippets of information from Reference Books in succinct, summarized pages. They are discoverable through search engines, hyperlinked from key terms in journals and book chapters, as well as being directly searchable on ScienceDirect.

[Explore the Topic Pages experience!](#)

ScienceDirect Topics creates an interactive, seamless and convenient reading experience by bringing comprehensive, credible and interdisciplinary knowledge when it is most needed in the research process.
